About show yourself

I am particularly pleased to participate in the Italy-Libya Economic Forum, on the occasion of which I celebrate my twentieth journey to this land, which has become my second homeland over the years. With a heart full of hope for the bright future of this country, I offer my knowledge and connections, and present some solutions in the fields of Industry, Healthcare, Education and Training and Nautical Affairs. I would like to express my gratitude to Eng. Belgassem Haftar President of the Libya Reconstruction and Development Fund (LRDF) and Dr. Nicola Colicchi President of Chamber of Commerce Italo-Libica for the significant achievements we have accomplished together.

Dr. Luca Bargilli, a graduate in Political Science and International Relations and a member of IMIT - Association of Managers with Expertise in Internationalization - based in Milan, has extensive experience in crisis and conflict areas, with over 30 years of activity in Africa. Our in-depth knowledge of the Libyan market and local dynamics enables us to provide strategic support to Italian companies seeking to expand their presence in this region, as well as to assist Libyan entities in their search for Italian solutions and partners.
